ATL DELTA 800 HOTEL TELEPHONES

ATL is pleased to introduce two exciting new models into the hotel and hospitality market, each with a host of features.

Delta 810

Compact and packed with features

Half the size of a standard telephone, helping to overcome the desk space problem found in many organisations. In spite of its size, the small footprint telephone offers many great features

- Last number redial
- Mute key
- Adjustable ringer volume
- Reset - Follow on call
- Transfer feature (TBR only)
- BT linecord
- MF dialling
- Wall mountable
- Options: RJ11 & RJ45 linecords

Delta 820

The perfect bedroom telephone

The Delta 820 is the ideal choice for guest bedrooms and represents excellent value for money. The features of this phone include:

- Full length user printable overlay
- 10 permanent memories
- Handsfree operation
- Last number redial
- Latching mute
- Adjustable ringer volume
- Transfer feature (TBR only)
- BT linecord
- MF dialling
- Ringing indicator
- Message waiting (MW3 only, line voltage hike)
- Wall mountable
- Options: RJ11 & RJ45 linecords
