SC 75 USB MS

SC 75 USB MS

Sennheiser SC 75 USB MS is a double-sided, wired headset offering both USB and 3.5 mm connectivity.

The dual connectivity is provided via the headset's 3.5 mm jack and a detachable USB cable, allowing connection to smartphones, tablets, etc. as well as PC.

A flexible headset solution optimized for mobile office professionals using Skype for Business.

Sound leadership

With Sennheiser Voice Clarity and a noise-cancelling microphone, the SC 75 USB MS optimizes speech intelligibility in noisy environments to deliver a more natural conversational experience during calls for both caller and listener. Sound enhancement profiles adjust automatically for optimal communication or multimedia use.

Quality design

With its contemporary styling, the SC 75 USB MS looks good from front-desk to Skype for Business call. A lightweight headband with leatherette padding flexes and adjusts for a

personalized fit and a bendable boom arm positions the microphone perfectly.

User focus

With its dual connectivity options via either 3.5 mm jack or USB plug along with its instant-fit features and choice of acoustic foam ear pads or soft leatherette covers, the SC 75 USB MS immediately provides users with a flexible headset solution with superior comfort. Features an ergonomic in-line call control unit for easy call management and Sennheiser ActiveGard® technology to safeguard users from acoustic shock. A carry pouch for transport or storage protects the headset when not in use.

Features and Benefits:

- Dual connectivity – offering both 3.5 mm jack and USB connectivity allowing connection to smartphones, tablets etc. as well as PC
- Certified for Skype for Business – with the detachable USB cable with in-line call control
- Sennheiser Voice Clarity – wideband

sound for a natural listening experience

- Noise-cancelling microphone – filters out ambient noise for optimum speech clarity
- Unique contemporary design – crafted with look and feel in mind
- Instant comfort – flexible headband with leatherette padding adjusts for perfect fit
- 2-in-1 ear pad styles – choose between soft leatherette or light acoustic foam for maximum comfort
- Optimized for communication and multimedia – with automatic sound enhancement profiles*
- Ergonomic in-line call control unit – simple and functional for easy call management*
- Bendable boom arm – ensures optimal microphone position
- Sennheiser ActiveGard® technology – protects users from acoustic shock
- Protective carry pouch – for easy storage or transport
- Switchable Noise at Work limiter – in compliance with EU Noise at Work legislation (Directive 2003/10/EC)*

*Available when the headset is connected via USB

Product Information

Product name	SC 75 USB MS			
Art. No.	507086			
EAN No.	40 44155 21242 6			
UPC No.	6 15104 27740 3			
Product description	Double-sided UC headset, 3.5 mm jack and detachable USB cable with in-line call control. Skype for Business Certified

Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of Sennheiser sound leadership, quality design and build – and a focus on real life usability – give the best performance possible in offices, call centers and Unified Communications environments.

Please visit us at: www.sennheiser.com/cco

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets and speakerphones for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communications' wireless and wired headsets for contact centers, offices and Unified Communications professionals are the result of Sennheiser's and William Demant's joint leadership in sound quality, design, wearing comfort and hearing protection.
